Expert Advice to Help You Master Your SAP S/4HANA Journey

Join me for this 2-day event that provides SAP professionals with the comprehensive, how-to information and insight you need to chart your course for a successful SAP S/4HANA transition.

You'll get expert advice on building the business case, making landscape decisions, and leveraging key deployment tools, through migrating data and code and understanding the impact of Fiori, Central Finance, and the Universal Journal, to building a comprehensive Analytics strategy and more.
